Road administration as data manager?

Basic conditions: security, privacy & independency

Road administration as data manager?

Road administration as data manager?

Open data: speed limits, traffic signs, variable message signs...
Floating car data: prioritization of trajectory speed controls,...

Open Data – points to agree or disagree

- Almost all data must become ‘open’ data (hyper-collaboration)
- Open data sources issues lack of accuracy, lack of regular updates, ... and this is (not) a problem
- NRA as data managers
- GDPR protects / inhibits the use of open data
